The Google Classroom Code is 3cnjo7br

ADHD Awareness Month: Why the Orange Ribbons?
During the month of October, staff are wearing orange ribbons for ADHD Awareness Month!
Here are a few quick facts:

- Time blindness is a common trait. Many people with ADHD struggle with a sense of time passing or planning across long periods. The future can feel distant and abstract, making it easy to delay action until deadlines become urgent.
- Motivation Challenges: ADHD is linked to differences in dopamine regulation, making it harder to start or persist with tasks that aren't immediately rewarding.
- Overwhelming Goals: Large, vague goals like 'get healthier' or 'be more productive' can overwhelm executive functions, leading to avoidance or procrastination.

Next week …
Tricks for setting goals for those with ADHD.
If you have questions or want to learn more, stop by the Learning Centre or check out ADHDAwarenessMonth.org.
