Uncommon Healthy Eating in our school

At our school, let's find a way to make eating food healthier and fun. This will help address our health issues in our school community with the common unhealthy eating habits. This will change as YOU, as a student, are going to watch your food and the type of food you choose to eat and think about whether it is healthy and fun to benefit your growth. If you are struggling with access to food, a reminder that there are several groups organised in our school to help and support you. To find more information about the large, uncommon healthy eating habits in schools and their impacts, visit Here: <https://racpquarterly.racp.edu.au/kidscovidcatchup-0qmcs>
