Service/Clubs Student Leadership Training

We are running a lunchtime training session in the Staffroom on the first Friday of Term 4 (10th October) for leaders of our school's club and service activities. This is for leaders who are carrying on into 2026 or who are interested in becoming new leaders. Valuable information/tips will be given about running a service or cub activity and it's also a chance to discuss leadership with other students. Please complete this Google Form to sign up. This will close on the 8th of October at 9am or when space runs out.

<https://forms.gle/dsB7SMLsPujWwXLU9>

If you have any questions, please email Ms McRae Shona.McRae@cloud.rangitoto.school or Miss Kennedy Emily.Kennedy@cloud.rangitoto.school.nz

University of Auckland - upcoming events

3D Design, CAD (Computer Aided Design) & Printing Workshops

For students interested in a career of innovation, creativity and helping others. Women in Engineering Network (WEN) is hosting a hands-on, no experience required CAD workshop on the 4th of October at the University of Auckland Campus. This workshop runs from 11 am - 2 pm, and lunch of pizza and Gong Cha is included.

- Learn how 3D Printing actually works
- Get creative with CAD tools
- Gain insights into real-world applications of mechatronics
- Ask questions about a career in engineering
- Make a figurine
- This event has a limited capacity. Sign-up here->

<https://forms.office.com/r/PkkPhvkJDU>

NASA SPACE APPS

Join Auckland's first in-person NASA Space Apps Challenge. This is a free hackathon on Oct 4th and 5th where students team up with industry and NASA expert mentors, tackle real data challenges, and compete for space prizes. All-ages are welcome and no experience is required. Registrations are open at this link: <https://linktr.ee/nzspaceapps> Run by Auckland Programme for Space Systems who are hosting this NASA-run project competition that high school students can be a part of - more info below. If students win in NZ they can go to an international competition.

NEW ZEALAND YOUNG PHYSICIST tournament

A competition open to all students studying for NCEA Level 3 or equivalent in Physics. Schools may enter up to two teams of three students. The Tournament will be held in Auckland. Head to: [New Zealand Young Physicists' Tournament | Fostering scientific research and improved international communication in Physics](#) to find out more and register a team of Year 12 students for the 2026 competition.

YOUNG SCHOLARS PROGRAMME

Eligible Year 13 students can get a taste of tertiary study at the University of Auckland by taking one or two stage I courses in the first half of 2026. Courses are generally all taught on campus, except for MATHS 199 which can be studied remotely. Applications close 7 December, and there is a cost which can be supported by STAR funding - find out more at [Young Scholars Programme - The University of Auckland](#).

[Museum in a Box-STEM — National Museum of the Royal New Zealand Navy](#)

Explore the resources on these pages and learn about the important role the Navy has in protecting and helping Aotearoa, New Zealand, the ships that make up the fleet and the science behind the technology that helps them. Featuring five hands-on STEM challenges. Through the new [Women in Engineering Academy](#), students can unlock members' EXCLUSIVE perks, including access to the free virtual academic subject support.

The Fast Forward Lecture Series is hosted by the Faculty of Engineering and Design's Te Pare School of Architecture and Planning. Each lecture presents a fresh perspective on the challenges and opportunities shaping our built and designed environments, both here in Aotearoa New Zealand and around the world. This semester, the focus is on systems change - finance, planning, and community in the climate era, asking the question, "How do we fundamentally transform the systems that shape our built environment?" Join them for an insightful evening fostering debate, discussion, and development within the disciplines of architecture, urban design, and urban planning. Everyone is welcome, and attendance is free. Head to: [Fast Forward lecture series - The University of Auckland to register](#).

MUSIC, DANCE & DRAMA

CHOIRS 2026 - Expression of interest

Are you interested in joining a choir at Rangitoto College for 2026? If you are **not** currently part of a choir at Rangitoto College, and wish to be involved in 2026, please write your name on the sign-up sheet, on the wall opposite the Music Office in the Music Department. Once we receive your expression of interest, we will contact you with additional information about the next steps.

SPORT

Are you interested in representing Rangitoto College at the NZSS Touch Nationals 2025 – the premier secondary school touch competition in Aotearoa?

This is an incredible opportunity to showcase your skills at the highest level, guided by some of the best coaches in the country, including national-level mentors who are passionate about taking our touch programme to the next level.

Whether you're a current player, someone who has played in the past, or simply keen to give the sport another go, now is the perfect time to get involved. Nationals will be held in December and it's your chance to play with pride, represent our kura with mana, and enjoy the fast, exciting, and beautiful game of touch.

All you need to bring is a positive attitude, willingness to learn, and commitment to the team. We look forward to seeing many of you out there!
