Try these short movements linked below and destress during this busy upcoming exam season:

5-Minute Reset: Try a quick, gentle flow to release neck and shoulder tension with this 5-Minute Stretch Routine.

Screentime 📱

Have you noticed that you have excessive screen time? Do you find it hard to put down your phone and study 😞? Well here are some tips and tricks to decrease your screen time 🚫

Put a rubber band over your phone to make it more annoying to mindlessly scroll.

Make your phone grayscale to remove colour and make it less stimulating.

Put your phone in a hard to reach place such as in a drawer or behind a desk.

Turn off notifications to avoid continuous phone checking

For other devices such as gaming or watching TV, try substituting those for physical activities such as walking, gym or sports.

Try these out to get off screens and be more active and healthy 😊.

Today is the second day of Chinese Language Week and the celebrations continue!

你最近怎么样? (nǐ zuì jìn zěn me yàng?), which translates to "How have you been recently?" Try greeting your friends and peers with this phrase today!

Here is a video to help you all:
